The NTU e-Portfolio (ePo) is an information integration platform developed for students by the Office of Academic Affairs (OAA). Since its debut in September 2010, ePo has been gathering information relevant to our students onto one central place, including basic information (such as personal and parent contact info), course map, online course selection, grades, class ranks, graduation requirements review, as well as end-of-semester course evaluation surveys. ePo version 2.0 was later released in February 2012. Students can start accessing ePo through our Freshmen and Transfer Students Network or myNTU they have received their NTU account credentials. The ePo system automatically keeps record for students during their time in NTU.
